

WILSON RENEWS HIS OBJECTIONS TO PEACE TREATY

Features of Republican
Reservations are
Not Acceptable

DISCUSSION OPENS MONDAY

(By Associated Press.)
WASHINGTON, Feb. 7.—A letter from President Wilson renewing his objection to some features of the peace treaty reservations framed by the Republican majority of the senate, furnished the basis of an earnest discussion today in a conference of Democratic senators called to consider what course the treaty's friends should pursue when it again comes before the senate next week.

The only decision reached was to co-operate in the parliamentary action necessary to re-open the question of ratification and to work for an acceptable compromise on reservations. Just what sort of compromise should be considered acceptable was debated in the light of varying interpretations of the president's letter but there was no attempt to frame a definite reservation program.

Striking directly at the Republican reservation on article ten and various proposed substitutes, the president wrote that any such reservation which said the "United States assume no obligation under such and such an article unless or except" would be likely to "chill" the relationship between this country and the other powers. A substitute article ten reservation containing this language which had been recently introduced by the Republican majority, the president wrote, "was very unfortunate" in form though he agreed with its substance.

The letter was written January 26, while the bi-partisan negotiations were in progress and before publication of the letter of Vice Count Grey, former British ambassador to the United States on the acceptability of the Republican reservations. It was addressed to Senator Hitchcock of Nebraska, Democratic leader of the senate, who laid it before the conference today. Wide disagreement was revealed in the conference and in private discussion among senators regarding the probable effect of the communication on the treaty's chances of ratification. Some interpreted the letter as merely a reiteration of the views previously expressed by the executive, while others professed to see a tendency toward compromise.

Senator Hitchcock declared no change in the Democratic attitude was indicated either by the letter or proceedings of the conference. The Democratic forces refused to accept the Republican reservation unless it was modified. Refers to Other Reservations.

Besides article ten the president touched on the reservations respecting withdrawal and mandatories saying he had no objection to qualifications on these subjects. He also gave his approval to the interpretation of the letter by Senator Hitchcock just before the treaty failed of ratification last November. The letter was made public by Senator Hitchcock in the following statement:

"The president's letter dated January 26 was called forth by a letter which I wrote him on the evening of the day in which the bi-partisan conference in Senator Lodge's office came to an end by agreeing to a reservation on article ten.

"My letter to him was as follows:

"My Dear Mr. President:

"The conferences between Lodge and his three associates and myself and four Democratic senators have now reached the sixth day.

"On article X the effort to reach a stage where both sides are seriously considering a proposition as indicated by the enclosed clipping.

"We resume consideration of it tomorrow afternoon.

"Yours truly,

"G. H. Hitchcock,

"January 22nd, 1920."

The clipping referred to in the letter was the following proposed compromise reservation on article ten:

Compromise Reservation.

"The United States assumes no obligation to employ its military or naval forces or the economical boycott to preserve the territorial integrity or political independence of any other country under the provisions of article ten or to employ the military or naval forces of the United States under any article of the treaty for any purpose, unless in any particular case, the congress, which, under the constitution has the sole power to declare war or authorize the employment of the military or naval forces of the United States shall by act or joint resolution so provide. Nothing therein shall be deemed to impair the ob-

STENOGRAPHER ON WITNESS STAND

Evidence Given Considered By
Prosecution as One of the
Strongest Links in Newberry
Trial.

(By Associated Press.)
Grand Rapids, Mich., Feb. 7.—Truman H. Newberry received the campaign from its Detroit headquarters and the manager of the campaign used Newberry's letter box when in New York according to testimony given at the big elections conspiracy trial here today. The testimony came from Mrs. Anabelle Hamilton, one of the chiefs of the stenographic force of the Newberry senatorial campaign committee.

The evidence was considered by the prosecution as one of the strongest links in the chain by which is sought the binding of the 123 defendants into a common purpose to violate federal election laws. It went unchallenged on cross-examination, although other portions of Mrs. Hamilton's testimony were subjected to a heavy cross fire from Martin W. Leary, one of the chief counsel for the defense.

Mrs. Hamilton was on the stand a godly portion of the single Saturday session. She gave the jury an inside glimpse into the Detroit headquarters, touched on its finances and told of a "brown tin box" in the vault in which she saw "bunches of wrapped up bills."

The witness said she had organized the night force of stenographers when the girls on duty could not care for the work that was piling up. She said she asked B. Frank Emery how much to pay these girls and was told "not to spare expense." She gave them 50 cents an hour.

Mrs. Hamilton also brought the Helme candidacy on the Democratic primary ticket into the case again. She said William J. Mickel, a Democratic defector told her he would put up a sufficiently weak opponent for Newberry on the ticket "if he had to run himself."

Frank Withey, a former school mate of Clifford Sibben, secretary to Paul King, manager of the Newberry campaign, related that Sibben told him that Newberry would be elected "regardless of the money" and that "Newberry and his family" were "financing the campaign."

STORM WHICH SWEEP NEW YORK CEASES

(By Associated Press.)
New York, Feb. 7.—Aided by the first sunlight in four days, New York City today began shaking its way out from under snow and ice which had crippled transportation service, halted vehicular traffic, damaged property to the extent of hundreds of thousands of dollars and caused many deaths thru accidents and exposure.

Volunteer street cleaners flocked to the aid of the city's inadequate forces citizens trucking firms and college students rallying to help make Manhattan "navigable" once more.

Elevated service was restored to normal during the day and surface cars reappeared in all parts of the city.

Railroad service into the city still suffered prolonged delays, thru trains from the west rolling in hours late. Suburban lines resumed something like normal service however.

NEGOTIATIONS WILL CONTINUE THRU WEEK

(By Associated Press.)
Washington, Feb. 7.—Wage increase negotiations between Director General Hines and representatives of the 2,000,000 union railroad employees promised tonight to extend well into next week. It was understood several important differences, remained to be considered.

Some union officials were said to be chafing under the delay, having expected a definite proposal yesterday. The union leaders met again late today but still had not received the proposition it was understood. The employees representatives however, apparently felt that they cannot press their case too strongly as they were invited to conferences on Mr. Hines motion. He was not obligated to call them here, it was said.

Leaders of both parties to the conference zealously guarded the exact proposals which have come before them.

PROFITTEERING CHARGED.
Spokane, Wash., Feb. 7.—Indictments charging profiteering were returned by a United States grand jury here today against the Spokane Dry Goods Company and the Culbertson-Grote-Rankin company two of the largest department stores of this city, and Hill Brothers Shoe company, one of the largest shoe stores.

BANDITS AND
DEPUTIES CLASH
Trinidad, Colo., Feb. 7.—Jake Dakovitz, bandit was shot and seriously wounded and Albert Tyler, deputy sheriff and the marshal at Forbes when three masked bandits attempted to hold up Tyler and two other men in an automobile carrying \$6,500 in the payroll to the Forbes mine of the Rocky Mountain Fuel company.

DANIELS CONCLUDES TESTIMONY BEFORE SUB-COMMITTEE

Award of Navy Medals by Knight Board Upheld

SIMS WILL BE RECALLED

(By Associated Press.)
WASHINGTON, Feb. 7.—Concluding his testimony today before the senate sub-committee investigating the award of naval decorations, Secretary Daniels disclosed the fact that a wide difference of opinion existed between himself and Rear-Admiral Sims on the question of acceptance of the foreign honors and decorations by American naval officers. The admiral who favored such decorations while Mr. Daniels opposed them, will again be before the committee on Tuesday.

Referring to his highly commendatory statements in recommending that Admiral Sims be made a permanent admiral for his war services, Secretary Daniels declared that he would not now make such a recommendation as developments since his original action had caused him to change his mind. He cited what he characterized as Admiral Sims' efforts to magnify the achievements of the British army and navy in the war and to minimize the results obtained by the United States forces. Injudicious statements contained in a recent series of articles by Admiral Sims regarding the navy's part in the war and the officers' action in making public confidential instructions of a highly confidential nature as having led to a change in his views regarding special promotion for Admiral Sims.

Mr. Daniels said he had waived regulations requiring officers to submit articles to the department before publication because "he wished to show Admiral Sims every consideration and courtesy" and expected the articles to be confined strictly to America's naval participation in the war.

Chairman Hale placed in the record a letter from Carlos V. Cusachs, formerly a lieutenant commander in the navy and assistant naval attaché to Spain during part of the war. Cusachs said he was recalled after Ambassador Willard had cabled the state department that a Mr. Ugoletti, owner of a Madrid newspaper, had informed the ambassador that Cusachs had told him the United States contemplated establishing naval bases in Spain, the ambassador's message adding, he said, that "Cusachs indiscretion is fatal to our interests."

The Spanish editor, Cusachs said, in a letter to him later denied that he had ever made the statement attributed to him by Ambassador Willard. Senator Pittman, Democrat of Nevada, protested against the introduction of the Cusachs statement as not pertinent to the inquiry but Chairman Hale replied that Ambassador Willard had been given an opportunity to defend himself if he desired.

Debate of the peace treaty, of the navy conduct of the war, of Admiral Sims' literary ability and many other subjects consumed much of the committee's time while Chairman Hale made in effectual efforts to get the hearing back on the subject of decorations. Asked by Chairman Hale, however, if the changing of recommendations did not have an effect on naval morale as Admiral Sims had charged, Secretary Daniels replied:

"Not that much," snapping his fingers.

Secretary Daniels said that some one had to justify and standardize the award of medals and that he did it himself with the aid of the Knight Board.

Chairman Daniels' action in awarding medals to commanding officers of ships sunk or damaged by the enemy. The secretary reiterated his purpose to reward courage and professional ability whether the men lost the ships or not.

Of Rear-Admiral Decker, who declined the navy cross awarded him because he contended it was not proportionate to his services at Madrid, Secretary Daniels declared he was "a patriotic and sincere officer" but was always having differences of opinion with the ambassador.

In response to questions from Chairman Hale as to the coming investigation of the navy's conduct of the war, Secretary Daniels said he would order all of the officers who wanted to testify from the Asiatic fleet necessary, but would not order any one to Washington "to help Admiral Sims make a case."

ASK UNITED STATES TO DEFINE MONROE DOCTRINE

(By Associated Press.)
WASHINGTON, Feb. 7.—(By The Associated Press.)—Latin American countries which participated in the peace conference and also those which have been invited to join the league of nations are watching the request of Salvador that the United States define the Monroe Doctrine so that they will know what they are agreeing to if they join the league.

The state department has acknowledged receipt of the request from Juan Franco Paredes, minister for foreign affairs for Salvador. It now remains with President Wilson to draft a reply. Meanwhile Latin-American statesmen are discussing the question and some Latin-American countries are delaying joining the league until the definition of the Monroe Doctrine is made.

The reference to the Monroe Doctrine in article 21 of the league covenant. The communication of the Salvadorean government recites that despite its neutrality in the war, Salvador manifested "its sympathy on every occasion for the ideas which animated the government of the United States in entering the war," praises President Wilson for "having crystallized the legitimate hopes of a fruitful peace, by submitting the draft of a league of nations covenant," says Salvador "manifests the desire to adhere to this treaty which sanctions arbitration as the only method of settling disputes between nations," and continues:

"The whole text of the treaty is both suggestive and attractive. In it there is a return to those principles of life, long awaited by sociologists and publicists.

"The text of the treaty contains however, one article which has awakened warm discussions throughout the whole American continent including the United States does no doubt to its brevity and lack of clearness. I refer to article 21, drafted in the following terms: 'Nothing in this covenant shall be deemed to affect the validity of international engagements such as treaties of arbitration or regional understandings like the Monroe Doctrine for securing the maintenance of peace.'

"My government recognizes that the independence of the continental states of Latin-America saved them from the great danger of a European intervention. It realizes that it is a powerful factor in the existence of the Democratic form of government on this continent and that it raised a barrier to European colonization. Since, however, the covenant of the league of nations does not set forth nor determine the purposes nor fix definite criterion of international relationship in America; and since, on the other hand, the doctrine will be forthwith transformed—in view of the full sanction of the nations of the public law, juris et de jure, I reword—into a people of universal quest that your excellency will be good enough to give the authentic interpretation of the Monroe doctrine as it is understood in the present historical moment and in its future application by the government of the United States which must realize that my government is keenly desirous of securing a statement which shall put an end to the divergence of views now prevailing on the subject which it is recognized by all is not the most propitious in stimulating the ideals of true Pan-Americanism."

KAHN GIVES FIGURES ON UNIVERSAL TRAINING

Chairman of House Military Committee Gives Proposed Bill Would Only Cost U. S. \$130,000,000 a Year.

(By Associated Press.)
Washington, Feb. 7.—Adoption of a universal military training policy such as proposed in the senate bill would cost about \$130,000,000 a year, Representative Kahn, Republican of California, chairman of the house military committee said today in a statement urging such action, "as an insurance against war," and to correct "misleading estimates."

"It will cost about \$34 per man per month while he is at the camps or a total for 600,000 men of about \$20,400,000 per month," he said.

"All told the cost of military establishment including the cost of training and of maintaining the regular army will be about \$500,000,000. We were in the war about nineteen months at a cost of \$23,000,000,000. This country paid for our utter unpreparedness at the approximate rate of \$1,700,000,000 a month during the continuance of the war.

"It would take about two hundred years to expend the amount required for the universal training of our youths to total the amount that this nineteen months of war cost us. Surely it would be criminal folly to neglect the lessons taught us by this war."

ANNOUNCE GRAND CIRCUIT PURSES

(By Associated Press.)
KALAMAZOO, Mich., Feb. 7.—Eight early closing purses with a value of \$14,000 are announced today for Kalamazoo's thirteenth annual grand circuit race meeting. They are:

Trotting—2:08 class, \$3,000; 2:13 class, \$3,000; three year old, open, \$1,000; three year old, 2:18 class, \$1,000; two year old, \$1,000.

Pacing—2:06 class, \$2,000; 2:09 class, \$2,000; three year old, \$1,000.

The colt races will be two in three heats, the classes for aged horses, three heats, straight.

There will be a late closing program of eight or ten events to supplement the above bill.

CLEARING SKIES ENDS STORM IN NEW ENGLAND

(By Associated Press.)
Boston, Feb. 7.—Clearing skies and a slight drop in the temperature late today ended the storm which has paralyzed New England since Thursday morning.

Traffic on the New York, New Haven and Hartford Lines was still badly tangled tonight and there were no trains to suburban points. The Boston and Maine, which operated trains today, which not on scheduled time announced tonight an embargo on all freight in carload and less than car load shipments. Shipments of bituminous coal, perishable and necessities were not included in the order.

controversy over naval awards had arisen, saying he had served for love of country and wanted no reward or decoration. Mr. Edison, Mr. Daniels said, had given his whole time, most of it aboard naval vessels to studying anti-submarine devices.

SAY OFFICIALS KNEW OF PLANS TO RAID COLUMBUS

Revealed to Committee Probing Mexican Situation

MANY ARE ON STAND

(By Associated Press.)
EL PASO, Texas, Feb. 7.—Repeated warnings that Mexicans had planned to raid Columbus, N. M., received so little credence by the commanding officer there that the attack was made on March 10, 1916, without precautions to prevent a surprise had been taken.

Lee Riggs, a deputy customs collector, said he was an interpreter when Col. H. J. Slocum, commanding the army post, sent into Mexico a Mexican scout to secure information concerning the movements of Villa's troops and that he reported the night before the raid that a body of the Mexicans was then marching on Columbus.

W. F. Murphy, a telegraph operator, testified that a message of warning from American military headquarters at Douglas, also had been sent to Colonel Slocum and other witnesses declared the knowledge that the raiders were "few miles south of Columbus was common."

Murphy told the committee that G. K. Seese, an Associated Press correspondent, was so nearly convinced a raid would be attempted that he appeared in Columbus two or three days before it did occur and made arrangements to have sent there an extra telegraph operator to assist in the transmission of the story he expected to write.

The accounts of the raid as given by the different witnesses agreed in the statements that when the Mexicans did appear they met no opposition until much of their killing, looting and burning had been accomplished. When they did withdraw they took with them many American cavalry horses and left seventeen dead Americans and almost as many wounded.

Judge E. L. Medler, who tried and convicted seven of the captured Mexicans, testified that their representations had been made to him by the attorney general of the United States not to proceed with the case on the ground that they should not be tried in a civil court since they were taken prisoners in an invasion, and he added, "the masses delivered to me urging me to cease proceedings, said I should hold up the case because it might result in diplomatic complications with Mexico."

The judge refused to halt the proceedings and seven of the men were condemned to death.

Examination of Mrs. Laura Ritchie, widowed by the Mexicans on the night of the raid, developed the possibility of further discussion as to the legal classification of the raiders. She and her husband operated the largest hotel in Columbus. The raiders burned it and her efforts to obtain the insurance, she told the committee, had been unsuccessful because the insurance company adhered to that clause in the policy exempting them from payment in case of invasion.

Mrs. Ritchie's description of the attack on the town and especially on the hotel where five Americans were killed was graphic. She was thrust to one side when her husband was dragged off to be shot. Mexican soldiers ransacked the building in search of plunder but not until they had removed from her fingers and those of her three daughters the rings they wore.

Edwin G. Dean was another witness who described the fighting, his father was killed. He was twice wounded but succeeded in escaping from the town with his wife in an automobile.

L. L. Burkhead, offered further information in corroboration of other witnesses as to the general apprehension of a raid that had prevailed. He said that on March 8, only two of the thirty Mexican school children enrolled in the public schools, appeared for class.

One of the raiders was a witness told the committee he and his father had been forced to join Villa or become victims of persecution by the Carranza soldiers. His father was killed during the raid and one of the boy's legs was shot off.

It was because of the boy's youth he was not permitted with the other seven brought to trial. He was delivered to a charitable institution by the court. According to him, Villa was with the band when they approached the town on the night of the eighth but remained outside. A great part of the raiders, he declared, never knew they were going to attack Columbus, because of failure to make a plan to attack Nogales. After that plan became known, Villa said the boy, insisted that he would not in the future tell his men just where they were going.

D'ANNUNZIO FORCES
SEIZE DESTROYER
Trieste, Feb. 7.—The forces of Gabriele D'Annunzio, Italian insurgent leader at Fiume, have seized the destroyer Carlo Albaro Roachia. The destroyer was on the way from Brindisi to Pola, when taken.

A train of foodstuffs has been seized at St. Pietro del Carso by D'Annunzio volunteers, masquerading as railroad engineers.

TELL OF WASTE AT U. S. NITRATE PLANT

Charges of Criminal Negligence Laid Before House War Expenditure Committee by Mark H. Evans.

(By Associated Press.)
Washington, Feb. 7.—An account fairly bristling with charges of criminal negligence and waste in construction of the Muscle Shoals air nitrate plant was laid before the house war expenditures committee today by Mark H. Evans, of Arcadia, California, formerly of the military intelligence service. Before he was called off the job he said he had obtained 129 affidavits charging incompetence, criminal negligence and graft and sent them to Washington. So far as he knew he added nobody ever had been haled to court.

While a cry was going up from all quarters for cars to move munitions and foodstuffs, 7,785 cars stood idle at the plant from four to twenty days, he said, with nobody seeming to care whether they were unloaded. Demurrage charges ranged from three dollars to \$300, and records showed the witness declared, that failure to unload material cost the government \$81,000 during the first six months of 1918.

"There was absolutely no reason for keeping the cars standing there," Evans said. "It was criminal negligence on the part of the contractors."

Evans said fully 300 saddle horses were kept in readiness for service at the plant when there was no demand for them.

"Thousands of automobiles and trucks were used to haul employees back and forth from the plant," Evans said. "No effort was made to have this traffic handled by the street railway people and the purpose was plain. The builders wanted to buy all the equipment they could because every dollar spent in constructing the plant they got a commission by the cost plus plan."

"Every foreman drawing \$150 a month—and you did not have to be much of a man to draw it—got an automobile. Hundreds of trips, charged to the government were mere joyrides."

COST OF FLUMONIA IN ILLINOIS MILLIONS

(By Associated Press.)
CHICAGO, Feb. 7.—The influenza and pneumonia epidemic of this and last winter cost the people of Illinois more than \$125,000,000, according to State Director of Health, Dr. C. St. Drake. This sum represented loss in wages, cost of medical attention, loss of life and funeral expenses.

For the year ended June 30, 1919, 223,683 cases of influenza and pneumonia were reported with 2,522 deaths. Cases during the epidemic this winter equalled last winter's record it was estimated but deaths were considerably fewer.

Reports of Health Commissioner Robertson today showed that the epidemic in Chicago was rapidly waning.

RUN DOWN CLUE TO ENRIGHT MURDER

Chicago, Feb. 7.—Ralph Buglio, believed by the police to be the owner of the automobile used by the assailants of Maurice "Boss" Enright, a labor union shot to death last Tuesday night by men in an automobile appeared today in the state attorney's office. He denied any connection with the shooting and said his car was not out that night but was detained for further questioning. Two witnesses of the shooting identified Buglio's machine as the one used the night of the murder, the police said.

Michael Carozzo, president of the Street Sweeper's Union held since Wednesday in connection with the shooting, was released today on \$10,000 bond. Tony Cifaldo, alleged eastern gunman, arrested today, was held for further questioning.

BOLSHEVIKS CAPTURE ALLIED MISSIONS

COPENHAGEN, Feb. 7.—The British, French and Italian missions in Siberia have been captured by the Bolsheviks. They are being well treated, according to a message M. Litvinoff, Bolshevik representative says he has received from Trotsky, the soviet war minister.

Just what missions are referred to in the Copenhagen dispatch is not known. The arrival at Harbin, Manchuria, of the British, French and Japanese diplomatic staffs was related in a London dispatch on January 20.

A Chita (Siberia) dispatch of January 19 reported the capture by the Bolsheviks of a party of American engineers and Red Cross workers while a London Daily Mail dispatch of January 30, dated Harbin, reported the capture of eight Americans and two British officers of Irkutsk.

FRANKLIN K. LANE QUITS PRESIDENT WILSON'S CABINET

Has Been Secretary of
Interior for Seven
Years

EFFECTIVE MARCH 1ST

(By Associated Press.)
WASHINGTON, Feb. 7.—President Wilson today accepted, effective March 1, the resignation of Franklin K. Lane, for nearly seven years secretary of the interior department. The necessity that after twenty-one years of public life he must "now think of other duties" was the reason assigned by Mr. Lane for his withdrawal from the cabinet and in reply, Mr. Wilson wrote his hope "that your future career will be as full and honorable as success as your past."

Mr. Lane's resignation was submitted last Thursday, his letter shows, but it had been known for many weeks that he intended this action as soon as President Wilson could spare him from the cabinet circle. In discussion today of his probable successor the name of Alexander T. Vogeisang was mentioned.

Secretary Lane's letter follows: "My Dear Mr. President:—It is with deep regret that I feel compelled to resign the commission with which you saw fit to honor me by appointing me to a place in your cabinet, now almost seven years ago. If it will meet your convenience I would suggest that I be permitted to retire on March 1st.

"With the conditions which make this step necessary you are familiar. I have served the public for 21 years and that service appeals to me as none other can, but I must now think of other duties.

"The program of administration and legislation looking to the development of our resources which I have suggested from time to time is now in large part in effect or soon will come into effect thru the action of congress.

"I return this department into your hands with very really real gratitude that you have given me the opportunity to know well as working force holding so many men and women of singular ability and rare spirit.

"I trust that you may soon be so completely restored to health that the country and the world may have the benefit of the full measure of your strength in the leadership of their affairs. The discouragements of the present, are, I believe, only temporary. The country knows that for America to stand outside the league of nations will bring neither pride to us nor confidence to the world.

"Believe me, my dear Mr. President, always,

"Cordially and faithfully yours,

(Signed)

"FRANKLIN K. LANE."

In reply, the president wrote: "7th February, 1920.

"My Dear Mr. Secretary:

"I need not tell you with what regret I accept your resignation as secretary of the interior for our association has been very delightful. I have admired the spirit in which you devoted yourself to the duties of your department as I am sure that all attentive observers have. But the reasons you give for your retirement leave me no choice but to acquiesce and I of course accept your suggestion that the resignation take effect on the first of March since that will serve your convenience.

"May I add that I sincerely hope that your future career will be as full and honorable as success as your past? My best wishes will follow you thruout all the years that apparently must now separate us and I beg to subscribe myself,

"Cordially and sincerely your friend,

(Signed)

"WOODROW WILSON."

HONORS FOR A GUNMAN.
"Moss" Enright, notorious Chicago gunman, was buried with more of pomp and ceremony than is accorded the average hero. More than 5,000 persons attended the services. Of course many of them were there from curiosity but their presence emphasized the fact that in Chicago a criminal reputation gives a man a certain prestige and marks him as a leader.

WILL ADD ZEST TO CAMPAIGN.
By the action of Miss Harriet Vittum, head of the Gen. Wood women's organization in this state, there is to be a spirited contest between the Lowden and the Wood women forces, in Illinois. Far from feeling aggrieved over the situation, Mrs. Dobyns, manager of the Lowden interests, welcomes the call to battle that has been sounded. Mrs. Dobyns is right, for the situation merely gives zest to the campaign and the attitude of Miss Vittum's followers will only serve to make the Lowden workers the more zealous and aggressive.

DANGEROUS ADMISSIONS.
Some of the Kentucky coal operators who are threatening to sue the railroad administration for \$10,000,000, alleging discrimination in car service meant serious losses, had better look out. If called to the witness stand they might give incriminating evidence about the profits that the operators have been making. Even to allege a loss of millions within a comparatively short time doesn't sound as if the production of coal was a losing business game down in Kentucky.

SCHOOL BOARD IN IMPORTANT ACTION
The board of education took wise action last night in postponing the date for the sale of high school bonds. The slump in exchange has depressed all stocks and nearly all commodity market prices. To have the sale of bonds at an early date would mean that the bids would certainly reflect the general condition of the stock and commodity market. Those who are somewhat in touch with financial affairs do not believe that the unusual condition will last long and so within a few weeks it is likely that exchange rates will be much nearer a normal basis.
The board has done well also in deciding to submit to the people the question of authorizing a 2 per cent tax for educational purposes. The present maximum tax for such purposes without action by the people is 1-1/2 per cent. The last legislature made it possible to increase this amount if the people so decided at an election. If the salaries of teachers are increased as they deserve and if some other proper expenses of the schools are met, the revenues must be increased. So the question will be up to the people and they will have the right to decide it as they see fit.

A TRIBUTE FROM LLOYD GEORGE.
There are a lot of Americans who seem to find pleasure in questioning the friendship of England for the U. S. They believe that every British suggestion has behind it instead of friendliness something sinister. Those who thus impugn British motives should think over Lloyd George's statement recently cabled from London to the Chicago Tribune. The British leader said:
"I will tell you how I feel about America. It came into the war at a time when the need for its coming was most urgent. Its coming was like an avalanche. The world has never seen anything like it.
"Its great army of all ranks gave a service that no man would in 1917 have believed possible. The efforts of its navy was beyond praise.

DEATHS
Bydenburgh.
Mrs. G. A. Sieber of 1019 Grove street has received a message announcing the death of her niece, Miss Annabel Bydenburgh, death resulting from pneumonia.
Miss Bydenburgh is the daughter of Mr. and Mrs. Chas. E. Bydenburgh of Cheyenne, Wyo. Mrs. Bydenburgh will be remembered as Miss Isabel Cannon, formerly of Jacksonville.
Miss Bydenburgh was born September 30, 1896 in Rawlins, Wyo., where she has always resided until the last few years, when the family moved to Cheyenne, the father being elected Judge of the Supreme Court.
She graduated from the Rawlins high school and the following year graduated from Howard Seminary at West Bridgewater, Mass., and later going to Los Angeles, California where she studied voice. She attended the Presbyterian church.
By her kind and cheerful disposition she had won and retained the friendship of all who knew her. Her home life was very beautiful, always considerate and faithful to her parents, brothers and sisters.
Surviving are her parents, three sisters, Miss Mary, Margaret, and Amy, and two brothers Charles and Richard.
The funeral will be held Sunday afternoon at the family residence, 115 East 18th Street, Cheyenne, Wyo.

YES CHIROPRACTIC CAN HELP YOU!
There are quite a few persons who continue to suffer in various stages of illness, because they have failed to find relief through accepted health-methods.
To these, especially, is Chiropractic recommended, for almost every so-called "incurable" trouble has responded under Chiropractic adjustments. Often relief has been obtained after all other methods have failed, and the patient had given up hope of Health.
Chiropractic Removes Cause of Disease
Chiropractic is a scientific, drugless method of removing the cause of disease. It proves that practically all illness is the result of spinal interference with the nerve forces of the body, and by a system of adjustments this obstruction is removed and normal conditions restored. Nature cures; health results.
CHIROPRACTIC
THE BETTER WAY TO HEALTH
will appeal to those progressive, free-thinking people who are in favor of a saner method of health, restoration, rather than through drugs and surgery. When ill, when feeling out-of-sorts, try Chiropractic (KI-RO-PRAK-TIC), the modern health way for men, women and children. Learn about Chiropractic now.

EXTRADITION LIST
ISSUED BY FRANCE

Germans Demanded By Allies
Total 900—List Will Be De-
livered to Germany Today.

Paris, Feb. 7.—The official
list of those whose extradition is
demanded by the allies was is-
sued by the foreign office tonight
without comment. The text of
the original covering note and of
the new note referring to Baron
von Lersner's refusal to accept
the list were not made public.

A paper bound book of more
than two hundred pages contains
the names of the 890 persons or
groups, with their rank and ac-
cusations against them.

Four pages are devoted to
Field Marshal von Hindenburg
and General Ludendorff, the same
accusations serving for both.

The British list contains
charges against 97 members and
groups, the French 344, the Ital-
ian 29, Belgian 344, Polish 51,
Rumanian 41, and the Jugo-Slav
four. This totals 900, but there
are a few duplications.

Ten camp commandants are
asked for in the British list. A
list of persons and groups
designated by their rank or
description of their duties be-
cause their names are not
known, numbers 142.

Will Receive List Today.

Berlin, Friday, Feb. 6.—The
Vossische Zeitung reports that the
not accompanying the list of
names of the Germans accused
by the allies of war crimes will
be delivered tomorrow by the

French Charge d'Affaires, M.
DeMareilly. It is reported in
diplomatic circles that the note
maintains the principle of punish-
ment of the guilty, but is so
drafted as to admit of the pos-
sibility of negotiations. Baron
Kurt von Lersner, who refused to
deliver to his government the
allied extradition list and re-
signed as head of the German
peace delegation at Paris arrived
here this morning.

Germany Will Not Yield.

Berlin, Friday, Feb. 6.—Polit-
ical leaders tonight predicted
that the government would have
united parliamentary support in
its attitude on the extradition is-
sue even to the extent that the in-
dependents would desert from
open opposition or heckling.

If the national assembly is
called the radicals, it is expected,
will play a passive role, and some
believe they may even join in a
formal protest against the en-
tente demand.

The conservatives and national
liberals are expected to exceed
even the coalition parties in their
demonstration of patriotic fervor.

No Truth In Report.

The Hague, Friday, Feb. 6.—
(By The Associated Press.)—
Government officials today said
there by no truth in reports that
Holland had exchanged views
with Switzerland and the Scandi-
navian countries and found them
approving her stand in refusing
to hand over the former German
emperor to the allies for trial.
The correspondent was told that
in this matter Holland was
"standing her own ground."

WILSON RENEWS
HIS OBJECTIONS
TO PEACE TREATY

(Continued from Page One.)

ligation in article 16 concerning
the economic boycott.

The reservations which the
president refers to were the
five reservations which I presented
to the senate Nov. 19, after
they had been approved by the
Democratic caucus. In the sen-
ate they received 41 votes.

Wilson's Reply.

The president's letter follows:
"26th January, 1920.

"My Dear Senator Hitchcock:
"I have greatly appreciated
your thoughtful kindness in
keeping me informed concerning
the conferences you and some of
your colleagues have had with
spokesmen of the Republican
party concerning the possibility of
ratification of the treaty of peace,
and send this line in special ap-
preciative acknowledgement of
your letter of the twenty-second.
I return the clipping you were
kind enough to enclose. To the
substance of it I, of course, ad-
here. I am bound to. Like your-
self, I am solemnly sworn to obey
and maintain the constitution of
these United States. But I think
the form of it very unfortunate.

"That association must in any
case, my dear senator, involve any
serious and far reaching implica-
tions of honor and duty which I
am sure we shall never in fact be
desirous of ignoring. It is the
most important not to create the
impression that we are trying to
escape obligations.

"But I realize that the negative
criticism is not all that is called
for in so serious a matter. I am
happy to be able to add, therefore,
that I have once more gone over
the reservations proposed by
yourself, the copy of which I re-
turn herewith and am glad to say
that I can accept them as they
stand.

"I have never seen the slight-
est reason to doubt the good faith
of our associates in the war, nor
ever had the slightest reason to
fear that any nation would seek
to enlarge our obligations under
the covenant of the league of na-
tions. I seek to commit us to
lines of action, which under our
constitution only the congress of
the United States can in the last
analysis decide.

"May I suggest that with re-
gard to the possible withdrawal
of the United States it would be
wise to give the president the
right to accept the resolution of
congress in the matter of with-
drawal. In our words it would
seem to be permissible and advis-
able to admit any reservation giv-
ing notice of withdrawal should
be a joint rather than a concu-
rent resolution. I doubt whether
the president can be deprived of
his veto power under the consti-
tution even with his own consent.

The use of a joint resolution
would permit the president who is
of course, charged by the consti-
tution with the conduct of foreign
policy to merely exercise a voice
in saying whether so important a
step as withdrawal from the
league should be accomplished by
a majority or by a two-thirds
vote.

"I see no objection to a frank
statement that the United States
can accept a mandate with regard
to any territory under article XIII
part 1, or any other provision of
the treaty of peace only by the
direct authority and action of the
congress of the United States.

"I hope, my dear senator that
you will never hesitate to call up-
on me for assistance that I can
render in this or any other public
matter.

"Cordially and sincerely yours,
"Woodrow Wilson."

RAY PERMANENT
OWNER OF HUNTER CUP

MECHANICS HALL, BOSTON.

Feb. 7.—The Hunter cup, trophy
of one of the classic indoor race
events, tonight became the per-
manent property of Joie W. Ray,
doughty little runner of the Illi-
nois A. C., racing against a crack
field, at the annual games of the
Boston Athletic Association. Ray
went to the front and held his
place to a sprinting finish in
time only one second behind the
record for the event. The track
record of six seconds for the 45
yard high hurdles was equalled
by Earl J. Thomson, Dartmouth's
winner of the event last year and already a
joint holder of record. Walker
Smith of Cornell, the intercol-
legiate champion was second over
the stick.

Jack Scholz University of Mis-
souri sprinter, unlimbered a sure
passing stride in the 40 yards
dash which eliminated Charles
Paddock, sprinting star of the A.
E. F., and forced him into second
honors.

BEGIN TAKING
TESTIMONY MONDAY

MONTESANO, Wash., Feb. 7.

Taking of testimony in the trial
of eleven alleged I. W. W. charged
with Warren O. Grimm's murder
in the Centralia armistice day
shooting, will begin Monday. Two
alternate jurors to act if any of
the jurors are incapacitated were
obtained today and the county
prosecutor, Herman Allen, made
his opening statement. Judge
Wilson authorized examination of
Loren Roberts one of the defend-
ants to determine his sanity. The
defense has announced that it will
plead insanity in the case of Ro-
berts.

WILDE MATCHED

Milwaukee, Wis., Feb. 7.—Jim-
my Wilde tonight signed to meet
Frankie Mason of Toledo. The
date has not been set but it is
expected to be early next month.
Wilde is guaranteed \$10,000 by
Ad Thacher who arrived tonight
to make arrangements for the
fight.

J. R. Baker of Pisgah made a
business trip to Jacksonville yes-
terday.

Evan Cox came in from Or-
leans yesterday.

GRIGGSVILLE BEATS JACKSONVILLE HIGH

County Lads Come From Behind in Second Half, Win Game 13 to 11—Game Was Slow and Featureless.

After being on the short end of a 10 to 5 score at the end of the first half, Griggsville high school came from behind in the second half and in the last few minutes of play nosed out a 13 to 11 victory over Jacksonville high.

The game was slow and uninteresting and was practically devoid of features. Green seemed to be the only Jacksonville player with much pep and several times had nearly all of the Griggsville team on the floor.

However, none of the Jacksonville men could hit the hoop in the second half while Griggsville made three ringers and two free throws. However, Jacksonville presented one of the baskets to Griggsville, a local man obligingly passing the ball to a Griggsville

player right under the basket.

The Jacksonville team is pretty well shot to pieces, and unless the men who are out of the game get back soon the team's chances in the district tournament will be slim. With either Lucas or Hunter in last night's game Jacksonville would have won handily as Griggsville has nothing. The scores:

DR. HENRY F. COPE AT COMMUNITY FORUM TONIGHT

"The Religion of an Honest Mind" will be the subject of Dr. Henry F. Cope at the Congregational Forum tonight. This well known orator and educator is said to be one of the best speakers on the forum platform and his address tonight should be heard by a large audience. Many local people are familiar with Dr. Cope's literary works, many of his books on religious phases of education having gained wide renown.

Dr. Cope is the editor and publisher of a bi-monthly, inter-denominational journal, which should have a wide circulation in this community. His articles deal with various phases of the home and community problem, and may be read with profit by all. Dr. Cope is an orator of great ability and all who hear him tonight will feel especially well repaid.

PRIMARY PETITIONS MAY BE FILED SOON

Candidates For Alderman May Secure Petitions Monday—Petitions May Be Not More Than Thirty or Less Than Twenty Days Before Date of Primary.

As has been noted, the city council has passed an ordinance fixing the time of the city primary for March 9.

Each party may nominate a candidate for alderman in each of the four wards. The aldermen whose terms expire this year are: First Ward, Alderman Flynn; Second Ward, A. E. Williamson; Third Ward, Alderman Cain; Fourth Ward, Alderman Chapin.

Petition blanks may be secured at the city clerk's office Monday. It would be well for prospective candidates to secure petitions and have them filed out immediately. It only requires a few names. The petitions should be filed in ample time so there will be no confusion such as that of a year ago.

TASK OF REPARATIONS COMMISSION HARD
PARIS, Feb. 7.—The reparations commission is finding that the peace conference has endowed it with tremendous responsibilities and the most formidable powers, which it has the right to interpret for itself. The commission has organized a legal committee to aid it with advice in interpretation of the Treaty of Versailles.

Hugh A. Dayne, judge advocate with General Pershing and later counsel to the war prisoners' commission in Switzerland, represents the United States unofficially.

The other countries represented are France, by M. Fromageot; Great Britain, by William Finlay; Italy, by Senator Bensa and Belgium, by M. Marx.

This committee sits three or four times a week to consider questions put to it by the reparations commission covering a range of subjects almost as wide as the scope of the treaty itself. The commission is proceeding very carefully with consideration of the questions coming up, so as to prevent complications.

PLANS TO DEVELOP MERCHANT MARINE

WASHINGTON, Feb. 7.—Two methods by which the navy could assist the development of a merchant marine were suggested to the senate commerce committee today by Admiral Coontz, chief of operations. The first was to enlist all merchant sailors in the naval force paying them regular yearly sums in accordance with their rank and service which he thought would compensate for the difference between wage scales demanded by American sailors and the lower ones received by foreigners.

The second would be to allow the navy yards and docks to do repair work for privately owned vessels. This would enable the navy to keep its force of trained mechanics together, he said.

CORRECTED FIGURES ON A. E. F. CASUALTIES

WASHINGTON, Feb. 7.—Corrected figures on casualties in the A. E. F., published today by the war department brought the total to 392,612 instead of 293,061 as shown in figures compiled from weekly reports furnished to the press. The corrected total was compiled by the adjutant general after comparing his records with those from France.

The difference was due primarily to the inclusion in the revised statistics of the total number of cases of wounds reported instead of the number of individual soldiers receiving wounds. It sometimes happened that a soldier was wounded several times.

The corrected figures were 221,059 wounded; 77,118 deaths, 4,432 captured by the enemy and three missing in action. Casualties in Siberia were not included.

EDWARD RITCHIE DIES SATURDAY

Winchester Resident Dies at Jacksonville State Hospital—More Scott County Boys Join Army—News Notes.

Winchester, Feb. 7.—Edward Ritchie, a well known resident of this city, died at Jacksonville State Hospital, Saturday. He was born and had spent all his life in Winchester and was for many years dagman for the Burlington railroad. He is survived by his widow and one daughter, Miss Reba of Winchester and one son Edward of Indiana. The remains were brought from Jacksonville this evening for funeral services and interment. The time of the funeral is not known.

Mrs. Edgar Gibbs arrived home Thursday from Galesburg where she has been visiting Mrs. William Kincaid and daughter. She also visited at the home of Mr. and Mrs. Joseph Gibbs in Canton.

Mr. and Mrs. M. W. Sappington are both confined to their home by illness.

Bert Thompson arrived from Quincy Friday, being called by the death of his sister, Mrs. Nathan Colvin.

Sergeant Muza of the Jacksonville recruiting office was in Winchester Saturday. He secured the following young men for service who will leave for Camp Grant Monday to enter the infantry branch of the service. The recruits are: John Tankersley, William Tankersley, Jr., Samuel Tankersley and Jesse Cummings.

George Stuart is able to be out again after an illness of several weeks. Mr. Stuart first met with an accident and when he had practically recovered was stricken with flu and is just now able to get about.

Ray Nelson has purchased of Mrs. Oliver Coultas the residence on North Main street, now occupied by Perry Bump.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and any one who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven day for seven days—Wonderful results.

BOND SALE DEFERRED BY BOARD ACTION

Present Market Conditions Not Favorable For Selling Securities—Will Hold Election on Question of Increasing Tax Rate For School Purposes.

A special meeting of the board of education was held Saturday night at 9 o'clock. The meeting had been called especially to take action with reference to the sale of bonds. Advertisements were recently issued calling for the receipt of bids at an early date. Because of the recent slump in the securities market the board deemed it advisable to withdraw the advertisement at this time. Men who make some specialty of financial matters, advised the board that if the bids were opened at a later date, better bids would very likely be received.

The board passed a resolution calling for a special election to be held Saturday, February 21, on the question of increasing the tax rate for educational purposes to 2 per cent. The rate now is 1 1/3 per cent. The law provides that if the people approve the action at an election, the board can collect 2 per cent for educational purposes. In a number of cities, elections have been called for this same purpose.

The resolution passed related that the board finds it necessary to secure increased revenues for the purposes of instruction and for the operating and maintenance of the public schools. The law is cited and then the date and places for holding the election are enumerated. If the election carries there will be no doubt about the teachers getting the increases in pay for which they have been asking.

Jacksonville Chapter, No. 3, R. A. M., will hold a special convocation Monday evening at seven o'clock. Work and business of importance.

ALTON RAILROAD MAN COMING

Traffic Manager Lee Will Look Over Switch Track Proposition

A telegram received Saturday by Mayor E. E. Crabtree stated that A. E. Lee, traffic manager of the Chicago & Alton, expects to come to the city Monday. Mr. Lee will go over the situation with reference to the proposed switch track at the south pumping station. It will be remembered that a few weeks ago Mr. Baird of the Chicago & Alton indicated that it was not feasible to build this switch, that the traffic would not warrant it.

The city council and citizens generally feel quite different about the matter and are unanimous in their request that the switch be built. In fact, since the city is to pay for the switch and it is to mean such a large yearly saving because of cutting off haulage costs, they see no reason why the desired work should not be done. There is the general feeling too that after the Alton officials look carefully into the whole situation that the required authority for switch construction will be readily given.

BRIGHT PROSPECT FOR Y. W. C. A. CAMPAIGN

City and County Workers Held Conference Saturday With Miss Grace Dixon.

To one who attended the conference of Y. W. C. A. workers at the Peacock Inn Saturday afternoon there could be no doubt about their enthusiasm in the present campaign. Miss Mary Wadsworth, county chairman, arranged for the luncheon especially to give the city and county precinct workers opportunity to meet Miss Grace Dixon, state chairman for the central Illinois district, and to thus come into contact with her splendid zeal.

Miss Dixon, who made an excellent record in Liberty Loan work, has been identified with a number of forward movements, and has proven a most successful leader. So it is not surprising that in all the counties of the central Illinois division in which she is directing the work, that the campaign plans are well under way, and splendid progress has been made.

Several of the workers yesterday made informal reports of what had already been accomplished in their precincts and gave encouraging statements of the prospects. The actual solicitation for funds does not begin until Feb. 22, and this part of the campaign is to continue for one week.

The Morgan county quota is in no way excessive and while it is very certain that there will be little or no difficulty in securing this amount the organization is anxious that there be a large over-subscription. Whatever money above the quota is subscribed will be retained here in Morgan county for the work of the Y. W. C. A. Altogether the luncheon conference was of a very satisfying kind.

BLUFFS TO HAVE NEW RAILROAD INN

The people of Bluffs and vicinity will be pleased to know that there is to be a new hotel and lunch room in their midst. Fred C. Weiss, the well known restaurant and grocerman is now getting things in shape and expects to open "The Railroad Inn" to the public about March first. Bluffs has been in need of a hotel of this kind for a number of years, and with the expectation of being a terminal of the Wabash in the near future it will help house the railroad men that will be stopping there. Both Mr. and Mrs. Weiss are well qualified in this kind of work. Mr. Weiss has, at different times, been night manager of the Ballard & Johnson Lunch room at the Wabash station in this city.

W. R. T. MASTERS DIES IN NEW YORK CITY

HAD LATELY RETURNED FROM CUBA.

Whereabouts of Deceased for Some Months a Matter of Speculation—Left No Heirs and Big Tract of Land Will Become Part of S. D. Masters' Estate—Funeral to Be Held at Murrayville.

Rumors current for several days that W. R. T. Masters, formerly of this county, is dead in New York City, were confirmed Saturday. To a number of interested persons the whereabouts of Mr. Masters had been a matter of doubt for a number of months past. According to a message received Saturday, Mr. Masters died Jan. 29th, in a hospital in New York City. His mother, Mrs. Seth Tilden, of Galesburg, was notified and a message was also sent here M. F. Dunlap.

Both messages were from T. D. Masters, Springfield attorney, who had been called to New York to assist in identifying the body. Arthur M. Masters, cousin of the deceased, went from Florida to New York City and was joined there by Felix E. Farrell of this city, who left for the east last Wednesday night.

Big Farm Left in Trust.

It is understood that because of the death of Mr. Masters and the will of his grandfather, James M. Masters, an extensive acreage of farm land in the vicinity of Murrayville will now become the property of Arthur M. Masters and his sister, Mrs. Mary Masters Newcomb. The tract includes about 585 acres and has been under lease to M. F. Dunlap for a period of years. William Robert Thomas Masters, as indicated, was a grandson of James M. Masters and the farm lands mentioned were bequeathed to the executors of the Masters' will for the use of his grandson during his natural life. The will provided that if the grandson left children that the property should descend to them when they reached the age of 21 years, and that if he died without children that the land should enter into possession of S. Davis Masters or his legal heirs. S. D. Masters died a number of years ago at Citronella, Ala., and his heirs are Arthur M. Masters and Mrs. Newcomb.

For a number of years W. R. T. Masters operated the farm, which adjoins Murrayville. He traveled about considerably and in the course of his somewhat extensive operations became indebted to the Dunlap-Russell & Co. bank. In order to discharge this indebtedness in 1913 he entered into an agreement with M. F. Dunlap whereby he leased to him the land for a period of years. It was provided in the lease that Mr. Dunlap should operate the farm, pay the taxes and upkeep and certain yearly obligations of Mr. Masters, and further a stipulated yearly sum to him. The rents above these expenditures were to be applied upon the back indebtedness.

Case in Court.

Sometime since Mrs. Newcomb and Arthur M. Masters brought a chancery suit against W. R. T. Masters and Mr. Dunlap, maintaining that the lease really operated as a mortgage and that therefore Mr. Masters had violated the terms of his grandfather's will and that the land should properly become a part of the estate of S. Davis Masters.

The suit was brought by Masters & Masters of Springfield as attorneys. The case was taken to the supreme court and the finding was in favor of the defendants and the lease made to Mr. Dunlap was not disturbed.

The full details of Mr. Masters' death have not been received in Jacksonville but it is understood that he lately returned to New York City following a trip to Cuba. The deceased was twice married, the first time to Martha E. Wright from whom he was subsequently divorced. His second wife was Miss Gladys Vieira and it is understood that she is now in Chicago.

The arrangements for the funeral have not yet been completed, also Mr. Dunlap was notified by wire Saturday that the remains will be taken to Murrayville.

Wednesday J. E. Osborne was asked by A. M. Masters to go to New York to help identify the body but on account of illness was unable to make the journey.

W. M. HUMPHREY DIES IN SPRINGFIELD

Former Resident Passed Away Saturday—Funeral Will be Held Here Monday.

W. Middleton Humphrey died at his home in Springfield Saturday. Deceased was the son of W. D. and Mary A. Humphrey and was born in this city July 11, 1848. His wife died July 9, 1919.

He is survived by two brothers, W. R. Humphrey of Lexington, Ky., T. H. Humphrey of Los Angeles, Calif., and one sister, Mrs. J. S. Hembough of Chicago. The remains were brought to Jacksonville for burial. They arrived on the Chicago & Alton Saturday evening and were taken to the undertaking parlors of W. W. Gilham.

Funeral services will be held from the Gilham parlors Monday afternoon at 2:30 o'clock. Interment will be in Jacksonville cemetery.

MEREDOSIA CITIZENS HELD CONFERENCE

Commercial Association Held Large Meeting for Purpose of Hearing Reports on Proposition to Plank Wabash Bridge—Other Meredosia News.

Meredosia, Feb. 7.—The Commercial Association held a meeting at the city hall Monday evening which was very largely attended for the purpose of hearing the reports of the various committees on the proposition of planking the Wabash bridge for a driveway across the river for teams and autos.

The meeting was called to order by the president of the association, J. F. Brockhouse. The minutes of the meeting of Jan. 26th were read by Secretary H. D. Berger and were approved.

Wade Irving of Chambersburg was then called upon for a report of the approach and road on the opposite side of the river. Mr. Irving in his talk stated that the right-of-way from the bridge had been provided for and good road would be guaranteed if the bridge was plank.

J. D. McLain who represented the committee appointed to visit and inspect the planking of the Hannibal, Mo., bridge gave a favorable report.

BOND SALE DEFERRED BY BOARD ACTION

Present Market Conditions Not Favorable For Selling Securities—Will Hold Election on Question of Increasing Tax Rate For School Purposes.

A special meeting of the board of education was held Saturday night at 9 o'clock. The meeting had been called especially to take action with reference to the sale of bonds. Advertisements were recently issued calling for the receipt of bids at an early date. Because of the recent slump in the securities market the board deemed it advisable to withdraw the advertisement at this time. Men who make some specialty of financial matters, advised the board that the bid, better opened at a later date, better bids would very likely be received.

The board passed a resolution calling for a special election to be held Saturday, February 21, on the question of increasing the tax rate for educational purposes to 2 per cent. The rate now is 1 1-3 per cent. The law provides that if the people approve the action at an election, the board can collect 2 per cent for educational purposes. In a number of cities, elections have been called for this same purpose.

The resolution passed related that the board finds it necessary to secure increased revenues for the purposes of instruction and for the operating and maintenance of the public schools. The law is cited and then the date and places for holding the election are enumerated. If the election carries there will be no doubt about the teachers getting the increases in pay for which they have been asking.

Jacksonville Chapter, No. 3, R. A. M., will hold a special Convocation Monday evening at seven o'clock. Work and business of importance.

W. P. Spillman, E. H. P. John R. Phillips, Secy.

ALTON RAILROAD MAN COMING

Traffic Manager Lee Will Look Over Switch Track Proposition

A telegram received Saturday by Mayor E. E. Crabtree stated that A. E. Lee, traffic manager of the Chicago & Alton, expects to come to the city Monday. Mr. Lee will go over the situation with reference to the proposed switch track at the south pumping station. It will be remembered that a few weeks ago Mr. Baird of the Chicago & Alton indicated that it was not feasible to build this switch, that the traffic would not warrant it.

The city council and citizens generally feel quite different about the matter and are unanimous in their request that the switch be built. In fact, since the city is to pay for the switch and it is to mean such a large yearly saving because of cutting off haulage costs, they see no reason why the desired work should not be done. There is the general feeling too that after the Alton officials look carefully into the whole situation that the required authority for switch construction will be readily given.

BRIGHT PROSPECT FOR Y. W. C. A. CAMPAIGN

City and County Workers Held Conference Saturday With Miss Grace Dixon.

To one who attended the conference of Y. W. C. A. workers at the Peacock Inn Saturday afternoon there could be no doubt about their enthusiasm in the present campaign. Miss Mary Wadsworth, county chairman, arranged for the luncheon especially to give the city and county precinct workers opportunity to meet Miss Grace Dixon, state chairman for the central Illinois district, and to thus come into contact with her splendid zeal.

Miss Dixon, who made an excellent record in Liberty Loan work, has been identified with a number of forward movements, and has proven a most successful leader. So it is not surprising that in all the counties of the central Illinois division in which she is directing the work, that the campaign plans are well under way, and splendid progress has been made.

Several of the workers yesterday made informal reports of what had already been accomplished in their precincts and gave encouraging statements of the prospects. The actual solicitation for funds does not begin until Feb. 22, and this part of the campaign is to continue for one week.

The Morgan county quota is in no way excessive and while it is very certain that there will be little or no difficulty in securing this amount the organization is anxious that there be a large over-subscription. Whatever money above the quota is subscribed will be retained here in Morgan county for the work of the Y. W. C. A. Altogether the luncheon conference was of a very satisfying kind.

BLUFFS TO HAVE NEW RAILROAD INN

The people of Bluffs and vicinity will be pleased to know that there is to be a new hotel and lunch room in their midst. Fred C. Weiss, the well known restaurant and grocerman is now getting things in shape and expects to open "The Railroad Inn" to the public about March first. Bluffs has been in need of a hotel of this kind for a number of years, and with the expectation of being a terminal of the Wabash in the near future it will help house the railroad men that will be stopping there. Both Mr. and Mrs. Weiss are well qualified in this kind of work. Mr. Weiss has, at different times, been night manager of the Ballard & Johnson Lunch room at the Wabash station in this city.

W. R. T. MASTERS DIES IN NEW YORK CITY

HAD LATELY RETURNED FROM CUBA.

Whereabouts of Deceased for Some Months a Matter of Speculation—Left no Heirs and Big Tract of Land Will Become Part of S. D. Masters' Estate—Funeral to Be Held at Murrayville.

Rumors current for several days that W. R. T. Masters, formerly of this county, is dead in New York City, were confirmed Saturday. To a number of interested persons the whereabouts of Mr. Masters had been a matter of doubt for a number of months past. According to a message received Saturday, Mr. Masters died Jan. 29th, in a hospital in New York City. His mother, Mrs. Seth Tilden, of Galesburg, was notified and a message was also sent here to M. F. Dunlap.

Both messages were from T. D. Masters, Springfield attorney, who had been called to New York to assist in identifying the body. Arthur M. Masters, cousin of the deceased, went from Florida to New York City and was joined there by Felix E. Farrell of this city, who left for the east last Wednesday night.

Big Farm Left in Trust.

It is understood that because of the death of Mr. Masters and the will of his grandfather, James M. Masters, an extensive acreage of farm land in the vicinity of Murrayville will now become the property of Arthur M. Masters and his sister, Mrs. Mary Masters Newcomb. The tract includes about 585 acres and has been under lease to M. F. Dunlap for a period of years. William Robert Thomas Masters, as indicated, was a grandson of James M. Masters and the farm lands mentioned were bequeathed to the executors of the Masters' will for the use of his grandson during his natural life. The will provided that if the grandson left children, the property should descend to them when they reached the age of 21 years, and that if he died without children that the land should enter into possession of S. Davis Masters or his legal heirs. S. D. Masters died a number of years ago at Citronella, Ala., and his heirs are Arthur M. Masters and Mrs. Newcomb.

For a number of years W. R. T. Masters operated the farm, which adjoins Murrayville. He traveled about considerably and in the course of his somewhat extensive operations became indebted to the Dunlap-Russell & Co. bank. In order to discharge this indebtedness in 1913 he entered into an agreement with M. F. Dunlap whereby he leased to him the land for a period of years. It was provided in the lease that Mr. Dunlap should operate the farm, pay the taxes and upkeep and certain yearly obligations of Mr. Masters, and further a stipulated yearly sum to him. The rents above these expenditures were to be applied upon the back indebtedness.

Case in Court.

Sometime since Mrs. Newcomb and Arthur M. Masters brought a chancery suit against W. R. T. Masters and Mr. Dunlap maintaining that the lease really operated as a mortgage and that therefore Mr. Masters had violated the terms of his grandfather's will and that the land should properly become a part of the estate of S. Davis Masters.

The suit was brought by Masters & Masters of Springfield as attorneys. The case was taken to the supreme court and the finding was in favor of the defendants and the lease made to Mr. Dunlap was not disturbed.

The full details of Mr. Masters' death have not been received in Jacksonville but it is understood that he lately returned to New York City following a trip to Cuba. The deceased was twice married, the first time to Martha E. Wright from whom he was subsequently divorced. His second wife was Miss Gladys Vieira and it is understood that she is now in Chicago.

The arrangements for the funeral have not yet been completed, also Mr. Dunlap was notified by wire Saturday that the remains will be taken to Murrayville.

Wednesday J. E. Osborne was asked by A. M. Masters to go to New York to help identify the body but on account of illness was unable to make the journey.

Commercial Association Held Largely Attended Meeting for Purpose of Hearing Reports on Proposition to Plank Wabash Bridge — Other Meredosia News.

Meredosia, Feb. 7.—The Commercial Association held a meeting at the city hall Monday evening which was very largely attended for the purpose of hearing the reports of the various committees on the proposition of planking the Wabash bridge for a driveway across the river for teams and autos.

The meeting was called to order by the president of the association, J. F. Brockhouse. The minutes of the meeting of Jan. 26th were read by Secretary H. D. Berger and were approved.

Wade Irving of Chambersburg was then called upon for a report of the approach and road on the opposite side of the river. Mr. Irving in his talk stated that the right-of-way from the bridge had been provided for and good road would be guaranteed if the bridge was planned.

J. D. McLain who represented the committee appointed to visit and inspect the planking of the Hannibal, Mo., bridge gave a favorable report.

"DANDERINE" PUTS BEAUTY IN HAIR

Girls: A mass of long, thick, gleamy tresses

Let "Danderine" save your hair and double its beauty. You can have lots of long, thick, strong, lustrous hair. Don't let it stay lifeless, thin, scraggly or fading. Bring back its color, vigor and vitality.

Get a 35-cent bottle of delightful "Danderine" at any drug or toilet counter to freshen your scalp; check dandruff and falling hair. Your hair needs this stimulating tonic; then its life, color, brightness and abundance will return—Hurry!—Adv.

George Telling, president of Commercial First and Savings Bank of Danville, who is interested in land on the opposite side of the river was present and in his remarks stated he was in favor of the proposition and would give his heartiest support. The committee on the approach from this side was present with plans that met the approval of the association.

A committee was then appointed to interview the Wabash officials at St. Louis, with authority to act upon any proposition agreed upon in the conference held there upon the proposition of planking the bridge. The committee is composed of C. P. Hedrick, Wade Irving, Mayor Patton of Mt. Sterling and J. F. Brockhouse, president of the association. George Telling will accompany the committee to St. Louis. There will be seven directors elected at the next regular meeting which is Monday evening, Feb. 9th. The committee will visit the Wabash officials at St. Louis one day next week.

Mr. and Mrs. J. R. Bowling of Springfield spent the day Thursday with friends in this place.

G. M. Steinberg was a business visitor in St. Louis this week.

Mrs. George Christianer and Mrs. Philip Hinners were called to Greenfield Thursday by the death of the former's sister, Mrs. Edward Christianer, who for a number of years was a resident of this vicinity. The funeral was held from the home in Greenfield Friday. She is survived by the husband, two daughters and one son.

The Meredosia Farmers Grain Co., held a special meeting at the city hall Wednesday afternoon for the purpose of voting upon increasing their stock and the proposition of combining a flour mill with their grain business. The propositions were carried by a vote of 68 for and 15 against.

George Heirman of Bluffs was a business visitor here Wednesday.

Mrs. George Christianer was a business visitor in Jacksonville Tuesday.

Hugo Althor, who has been attending Brown's Business college at Jacksonville, came home sick Wednesday of last week and the first of this week was found to have the small pox. Another case, that of Mrs. Ethan Allen, developed Wednesday. It is not known where Mrs. Allen contracted the disease as she is scarcely away from home for several weeks with the exception of attending church. Both families have been quarantined and strict precaution will be taken to prevent the spread of the disease.

Edward Schafer was a business visitor in Quincy Thursday.

Starratt Coy returned Thursday to the Soldiers' Home in Quincy after a week's visit with his daughter, Mrs. Robert Mayes.

The CHENEY

The Master Touch

The Cheney Orchestral Chambers

An acoustic principle of the resonating chambers of the pipe organ adapted to the reproduction of music in The Cheney.

Vibrant, imparting richness and quality to tones, The Cheney Orchestral Chambers respond to and develop every range of pitch. Tones are held under perfect control and in perfect balance. Protected by basic patents.

THE virtuoso finds beauties in a score of music overlooked by those with lesser talent. Under his hand every note is played perfectly—kept in proper relation to the whole.

The Cheney reproduces his music with equal skill. In a series of Orchestral Chambers, high, medium and low tones are developed in volume, sweetened in quality, and given back to the world just as they were played.

It is the highest achievement in the art of musical reproduction, and the period cabinets rival in beauty the masterpiece of the most expert craftsmen in furniture creation.

AGED RESIDENT OF MANCHESTER DIES

Wiley Howard Resident of Manchester all His Life, Dies Saturday—Funeral of Ora Mellor Held—Manchester News Notes.

Manchester, Feb. 7.—Wiley Howard, aged Manchester resident, passed away Saturday morning after an illness of several weeks' duration. Deceased was 82 years of age and had spent his entire life in this community.

For several years past he has made his home with his son, S. M. Howard, and family. His wife and one son, Newton, preceded him in death a number of years ago. The following children survive: Terry, Maston and S. M. Howard, all of Manchester, and Mrs. Oliver Pope of Girard. Deceased was one of the oldest and best known residents of his community.

Funeral arrangements have not yet been completed.

Funeral services for Ora Mellor who passed away Tuesday, were held at West Union church Thursday afternoon at 1 o'clock. Rev. Alden Johnson had charge of the services. Mrs. C. F. McCracken, Mrs. J. T. Osborne, Miss Sadie Osborne and Benjamin Osborns rendered very effectively the songs, "Drifting," "In That City," "Shall We Meet." The flowers were cared for by Katherine McGuire, Alice Thady, Gertrude and Jessie Dean. The bearers were James and Charles McGuire, William and John Thady. Interment in Murrayville cemetery.

A son, third child, recently arrived at the home of Mr. and Mrs. Chester A. Shaffer, at Duluth, Minn. Mrs. Shaffer was formerly Miss Gladys Maine of this place.

ILLINOIS WOMAN'S COLLEGE NOTES

Saturday evening, an informal group met in the social room, where, in the candle light and glow from the fireplace, Mrs. Hartman and Miss Louise Miller sang selections for the pleasure of all.

Several parties were given over last week end for Miss Frances Crowl, who left Wednesday for Chicago, having completed the course for a Bachelor's degree.

Miss Austin, the Dean, led the Y. W. C. A. meeting Sunday afternoon. The topic was introductory to the week of prayer for colleges.

The past week has been set aside thruout the country as a week of prayer for colleges. Dr. Pletcher had charge of the services at the Woman's College, the various meetings being given over to the Methodist ministers of the city. The morning and evening chapel services, during the week were led by Dr. Pletcher, Rev. Tull, Rev. Gowdy and Rev. Randall. The Day of Prayer was Thursday. The morning sermon was delivered by Dr. Pletcher upon the theme: The Peril of Respectability. His message, together with the morning class prayer services struck the keynote which made a success of the intimate afternoon meeting led by Dr. Harker.

The Fireside Prayer meetings Tuesday and Wednesday evenings were held in the social room. Misses Louise Davis and Vera Wardner acting as leaders.

Friday evening the celebrated organist, Joseph Bonnet, gave a recital in Music Hall. This was the first of a series of good musical numbers which are to be presented under the auspices of the College of Music.

Mr. Jardine of Chicago, was the guest of Miss Rachel Coontz, Sunday.

Among the out of town visitors at the Bonnet concert last Friday evening were: Miss Zay Wright of Champaign; John Collins and Frank of Virginia; Miss Mary Harrison of Columbia City, Ind.; Mrs. Marion Keplinger of Franklin; Dr. W. S. Taylor and son, James of Ashland; Miss Jennie Marr Dunnaway of Virginia; Miss Johanna Onken of Chapin; Miss Kittie Bunting of Aurora; Miss Abigail Lazelle and Miss Ruth Barleson of Springfield.

Miss Velma Holmback of Greenfield is visiting her sister, Miss Bernice Holmbeck over the week end.

Miss Erva Moody and Miss Lessie Hastings from Carthage College are visitors at the college over the week end. Miss Moody and Miss Hastings are former students at I. W. C.

Rippling Rhymes

By Walt Mason

Great Times.

There's nothing too rich for our blood; we blow, with a sickening thud, the glittering bone we earned with a groan, for diamond or emerald stud. We call for the costliest things, for wares that were fashioned for kings; in silk we are clad, and my new liver pad has tassels of gold on its strings. The best that the market allows is bought by ourselves and our frau; the finest of meat is the stuff we must eat, and we sneer at the liver of cows. We're riding around in our cars, and smoking imported cigars; we're throwing our bucks to the birds and the ducks and acting like bibulous tars. The roubles are growing on trees, and thrust is a noxious disease; it's useless and vain to be thoroly sane, and saving's a chestnut wheeze. And in the near future, I vot, this craze will to pieces be shot; reaction will come and put things out of plumb, and values will have the dry rot. Then the man who has salted his dimes, and shunned our extravagant crimes, will look to us guys so eternally wise, our bards will embalm him in rhymes.

11 HENS LAY 221 EGGS A MONTH

Mrs. Young Almost Gave Up Raising Chickens. Then She Tried This Plan.

"When I accepted your offer and tried Don Sung, I had been getting 1 or 2 eggs every other day. The next month, using 30 cents worth of Don Sung, my 11 hens laid 221 eggs. I almost gave up raising chickens, but now I have decided to raise as many as I can."—Mrs. F. C. Young, Bellefonte, Pa.

Feed is too expensive to waste on idle hens. You can easily start your hens laying and keep them laying, even in coldest winter. To prove it, all you need do is accept our offer, as Mrs. Young did.

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, tell us and your money will be promptly returned.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't let you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your drug gist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.

BAKER'S ANNUAL MULE AND STOCK SALE

The undersigned will offer at public auction at his home, six blocks south of the depot, Murrayville, Ill., on

THURSDAY, FEBRUARY 12th, 1920
commencing at 10:00 A. M., the following live stock:

70 HEAD OF MULES 70

3 to 6 years old, 15½ to 16½ hands high, and weigh 1000 to 1500 pounds. Sixty head of these are mare mules, and every one a good one.

I think this is the best bunch of mules for the number that was ever offered at public sale in Morgan county. They are all from home community, good colors, sound and ready for the leather.

8 HEAVY DRAFT MARES AND HORSES

The TORO Way

of Motorizing the Farm

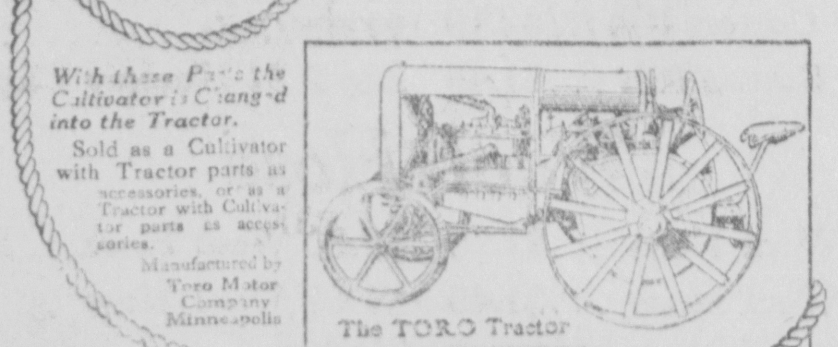

The TORO is the final achievement in useful, adaptable farm power equipment that makes the motorization of the farm complete. It is two standard machines in one—an efficient two-row cultivator and a dependable tractor. Each operates independently of the other and the dual equipment does the work of from two to four horses.

Readily Changed
—from Cultivator to Tractor
—from Tractor to Cultivator

Use as a tractor to pull two 10 or 12 inch plows and to prepare ground for seeding and plant seed. Then use as a cultivator until harvest season and change back into a tractor for fall plowing, hauling, belt work, etc. The conversion is as simple as changing a tire on your car.

The Most Beautiful Car in America

A "Sport Car" In a New Sense of the Term

The four-passenger Paige Larchmont is a "sport" model in a refined sense of the term. It possesses a distinct touch of originality and smartness, without violating good taste.

Consequently its favor among the younger set has spread to include the older folks as well. It appeals especially to those who desire a car that stands out from its fellows as a truly artistic creation.

In mechanical qualities, it is quite as exceptional as in outward attractiveness. It is powerful, speedy and remarkably easy to control.

Sit behind the steering wheel just once and you will experience that irresistible desire to claim it as your car.

THE COUNTY ROADS
Country road conditions are not at all bad for the time of year but notwithstanding that fact there was not the usual Saturday crowd in Jacksonville yesterday. The reason doubtless is that so many people are sick in the country as well as in the city. This necessarily keeps some people at home and makes others lessen their number of visits to the city in order to avoid the crowds. This is a general condition just now and visitors to St. Louis and Chicago cannot but notice that while there are lots of people on the streets and in the stores, the crowds are not nearly as dense as usual at this season of the year.

THE TABERNACLE.
A stereopticon lecture will be given at the Lutheran church Sunday evening on "The Jewish Tabernacle" and its significance. Everybody welcome.

NAMES FOR NEW LAKE

Amongst the many names suggested for the new lake, the one suggested by our townsman Mr. George W. Matthews seems the most appropriate and suggestive. Mr. Mathew is a keen student of Jacksonville affairs and loyally devoted to her interests. He suggests "Morgan Lake" as the best name. The reasons he gives are convincing.

First—It is historic in Morgan County.

Second—The creek furnishes the water supply.

Third—The land is given or obtained at favorable rates from Morgan County settlers and owners. This name will link the past with the present.

Fourth—The name would probably meet with universal acceptance.

Let us adopt it.

ESSEX
Sets New World's Mark

Essex holds the world's official long distance endurance mark. A stock chassis made 3,037 miles in fifty hours in a test under A. A. A. observation on the Cincinnati Speedway. Tho the test was equal to years of hardest road usage, the car showed no signs of wear.

An Essex stock car set the world's road mark of 1,061 miles in 24 hours, over rough Iowa roads and thru a blizzard. Not a single adjustment was made.

And Essex also has set a world's record. Over 22,000 critical motorists paid more than \$35,000,000 for Essex cars in a year. That shows how Essex beauty, performance, endurance and economy and moderate price are appreciated.

When shall we give a demonstration?

Kornfalfa Hog Feed

Is a properly balanced feed. It is made of fine ground corn, ground barley, alfalfa meal, gluten, feed, tankage and molasses. All of these are good clean feeds in themselves. They are combined in just the right proportion. There is knowledge of hog feeding in every sack of Kornfalfa Hog Feed.

By all means buy a self-feeder or make one yourself. It is sensible, practical and efficient. Because we manufacture this feeder in large quantities, we can offer it to you at only \$20.00. F. O. B. Kansas City (the actual cost of materials, making and handling.) It is six feet long, holds about six hundred pounds of feed and will take care of from thirty to forty hogs. Self-feeders of the same capacity made and sold for profit will cost you from \$35.00 to \$50.00.

The old-time method of meal-time feeding makes him ravenously hungry at feeding time. He bolts his food and overeats. His digestion isn't nearly so good as when he eats only a little at a time. When he gets real hungry he stops working for you. The thing he works with is feed and the self-feeder keeps it before him all the time.

Don't fail to use a self-feeder. Either buy one or build one yourself, today. If you want a Kornfalfa Self-Feeder, send us your order.

A Balanced Ration

Assuming you have decided to use a self-feeder, what will you put in it? Corn won't do. It hasn't enough growth stuff. It makes fat mostly. You need a feed that gives stretch to your hogs and at the same time fattens them. You don't need to make him stretch first and put weight on them afterwards. You can do both at the same time with the right kind of feed. You need a balanced ration.

We don't use humus, which is plain earth and has no feeding value, or ground screenings or oat hulls or similar trash in our feed. You wouldn't buy these things in a sack by themselves, and because they have no value to you, we don't use them in making Kornfalfa Hog Feed. The hog cannot utilize them at a profit.

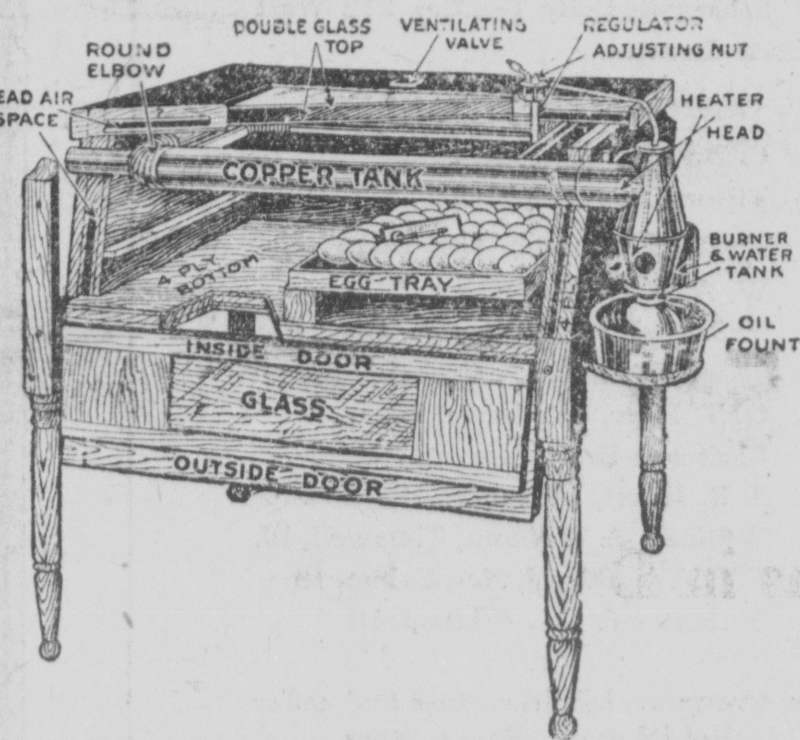

The tremendous success Kornfalfa Hog Feed has made is due to the fact that only good, clean feeds enter into it—the best of everything plus knowledge of hog feeding. Feeders are making a hundred pounds of pork with from \$35 to \$40 pounds of Kornfalfa Hog Feed.

You need absolutely no other feed with Kornfalfa Hog Feed from weaning time to maturity. It is complete within itself. Just dump it into the self-feeder and let the hogs do the rest. Order from us today.

Incubators

The
Klondike
Incubator
A Good
One
Because--

It has a double glass top with dead air space between the glass which forms a perfect insulation, which retains the heat. By this arrangement, the entire incubator is visible for inspection, and the cardboard cover can be placed over the glass top to darken the egg chamber, as it is a well known fact that eggs hatch better in the dark.

The Klondike system of hot water heating differs from all others, in that it does not use any hot water boiler on the outside of the machine. The heat from the lamp passes thru a copper tube, the entire length of the incubator. This tube is enclosed in a larger tube, and the space between is filled with water (just like the tube in a steam boiler). This exposes the largest possible amount of water to the heating surface. Our rapid water circulating system insures an even temperature in all parts of the machine.

Eight models are made from 120 to 300 egg capacity. We heat one cubic inch of water for every egg in each size incubator.

FOUR GENERATIONS MEMBERS OF D. A. R.

Mrs. Lillian Dunsin Secures Names of Four in One Family For D. A. R.—Chapter Will Be Incorporated Soon.

While Rev. James Caldwell Chapter D. A. R., is not making a membership drive yet new members are being secured and taken into the chapter at every meeting.

Since the inauguration of the campaign to secure the Governor Duncan home for a memorial, thirty-two new members have been secured.

Recently Mrs. Lillian I. Dunsin secured the names of four members of the same family. The members are the descendants of William Willard, a Revolutionary soldier buried in Morgan county and represent four generations.

They are: Mrs. Martha Goodpasture Smith, aged 94 years, of Arenville. Her daughter, Mrs. Mary Smith Hamm of Concord. Granddaughter, Mrs. Lydia Hamm Moss of Alexander and great granddaughter, Miss Marie Moss, Alexander.

Two other members also in the same line of descent are: Mrs. Lucinda Goodpasture Richey and her daughter, Mrs. Mabel Richey Vannier, both of this city.

The membership of Miss Mary Akers, great grand-daughter of Peter Akers was also secured. All of the above were accepted to membership on the same day, January 27.

In order to acquire and hold real estate, local chapters must be granted permission to incorporate by the National Board D. A. R. This permission already has been granted, the following having been received by Miss S. M. Fairbank, regent.

National Board of Management today granted permission for your chapter to incorporate.

As soon as the official papers are received from Washington, the necessary steps will be taken to incorporate the chapter and arrange for the transfer of the deed to the property.

TO TAKE RELIGIOUS CENSUS IN WAVERLY

Pastors of Churches to Take Religious Census in Waverly Monday—Movement For Chautauque Inaugurated—Other News Notes.

Waverly, Ill., Feb. 8.—The flu ban which was to have been lifted this week has been postponed for an indefinite time on account of several new cases the past few days.

Soliciting committees will soon be at work in the endeavor to secure the required amount of pledges for season tickets for a Redpath Chautauque for Waverly the coming summer.

The pastors of the different churches of Waverly will take a religious census of the city Monday, February 9.

D. F. Gilpin of Cheyenne, Wyoming is spending a few days with relatives here.

Mrs. J. O. Evans went to Youngstown for a visit with her brother, George Hall.

Mrs. A. S. Carter returned to Girard after a visit with her parents Mr. and Mrs. C. C. Courtney.

Miss Mary Walker, who teaches school at Williamsville, was called home by the death of her father.

Mr. and Mrs. Robert Deatherage of Minneapolis, Minn., are visiting at the home of the former's mother, Mrs. Frances Deatherage.

Miss Katherine Turner who teaches school at Alexander is confined to her home here by illness.

Mr. and Mrs. J. J. Cody went to Peoria, called by the illness of a relative.

ILLINOIS COLLEGE NOTES

W. Leroy Hedgecock, '12, is judge of the city court at Beardstown, Ill. Hedgecock was one of the well known athletes of Illinois college a few years ago.

Dr. John T. Thomas, who was the speaker for the day of prayer was a classmate of the Reverend Adelbert P. Higley, honorary '18, at McCormick Theological seminary.

The Lakeside Press in Chicago has recently published "A Woman's Story of Pioneer Illinois," by Christiana Holmes Tillson. The husband of Mrs. Tillson was one of the early trustees and patrons of Illinois college and a son, Charles Holmes Tillson, was a graduate from Illinois college in the class of 1844. The book gives an interesting account of early conditions in Illinois.

The Gamma Delta society initiated several new members at their meeting held in the society hall Friday afternoon.

Professor G. H. Scott attended the semi-annual meeting of the Illinois Schoolmasters' club at Decatur Friday and Saturday.

Invitations are out for the Junior Prom, which is to be held in the gymnasium Friday evening, Feb. 13. This big social event was to have been held before the Christmas vacation, but the fuel shortage forced a postponement.

The Phi alpha and Sigma Pi debating teams are beginning preparations for the coming contest. The former society has won the debate for several years past. It is understood that a new literary society is being organized among the young women of the college, a society that will be thoroughly democratic in its purpose and organization.

Dale Giberson, ex-'17, of Roodhouse, was a visitor on the campus Thursday. Everatt Whisler, '20, who completed his college work at the end of the first semester, has gone to Tingley, Iowa, for a visit with Professor P. F. Whisler and family.

LITERBERRY BAPTIST LADIES AID MEETS

Interesting Program Given at Home of Mrs. Warren Daniels—Lake Mauvaisterre. Suggested as Name for Lake—Other News from Literberry.

Literberry, Feb. 6.—The Ladies' Aid of the Baptist church met on Thursday afternoon at Chestnut Hill farm with Mrs. Warren Daniels and Mrs. James Lowden, hostesses. About twenty members were present. The business of the meeting was in the appointing of different committees for the year's work, which was done by our very efficient president, Mrs. J. E. Underbrink. The committee follows:

Lookout Committee—Mrs. Clarence Thompson, Mrs. James Lowden, Mrs. Frank Turkle, Mrs. C. A. Beavers, Mrs. John Hunter. Super Committee—Mrs. W. W. Young, Mrs. Flora Nicholas, Mrs. Ona Crum. Visiting Committee—Mrs. S. H. Crum, Mrs. Nettie Scribner, Mrs. Al Dunlap, Mrs. Walter Roach, Mrs. Will Decker. Sale Committee—Mrs. O. M. Petefish, Mrs. Warren Daniels, Mrs. J. A. Litter, Mrs. Beryl Litter. Singing Committee—Mrs. Bert Olney, Mrs. Ellis Thompson. Condolence Committee—Mrs. Earl Rexroat, Mrs. Ona Crum. Arrangements were made to serve lunch at the sale of Ray Conover on the 12th and at Charles Ratliff's the 18th. A call was given for suggestions on the needs of the Society or any

improvements that could be made. The members responded in short talks, and many good ideas were given.

Offerings, \$3.50. Refreshments of the best were served.

The next meeting will be at Maple Mound, with Mrs. W. W. Young. Mrs. Abe Dinwiddie will furnish the topic, and give a reading on the same.

Mrs. Underbrink made a short talk on the Mission Circle Library and offered the use of the missionary books to all who would like to read them.

Mrs. Earl Rexroat presented the Y. W. C. A. in a very forcible way, by stating some of the good that can be accomplished by the workers. The meeting closed by repeating the benediction.

A very interesting letter has been received from Mrs. C. A. Beavers from Gadsden, Arizona, in which she describes the wonderful growth of cotton in the Yuma Valley, and the fine climate, beautiful flowers and the monstrous appetites the climate gives to their children. The Beavers will go to San Diego next.

Let the new lake be called "Lake Mauvaisterre." No other name is so appropriate, for many reasons. One reason is, it was on the banks of this old stream that some of our forefathers camped, when they first came to the state; here they made preparations for the homes they later on bought, all along the borders of this wonderful old creek. There is no better name, "Lake Mauvaisterre."

N. E. Boston of Jacksonville was calling on friends in Literberry Monday.

Miss Louise Ray returned from Jacksonville on Tuesday to her home at Bonnie Doone cottage.

ANNUAL MULE SALE BRINGS LARGE TOTAL

Annual Sale of Smith Orchard & Livestock Company Totals \$17,047.50—Gregory Farm Livestock Prize Winners at Wichita, Kansas.

White Hall, Feb. 6.—The annual mule sale of the Smith Orchard and Livestock company totaled \$17,047.50 for seventy-seven head of mules auctioned by Col. L. L. Seelye. One span brought \$805, another brought \$880. Eleven span averaged over \$500. The sale was held at the home of Manager J. W. Ryder, near Patterson, and was a very successful affair, being thoroughly advertised in the newspapers of this section. The ladies of the Patterson Baptist church took in \$107.

A list of winnings by Gregory farm at the national livestock show at Wichita, Kan., last week shows that the yearling Percheron stallion, Wolfington, was awarded first junior championship and grand championship. This stallion is maintaining its honors at the international. There were eight horses in the Gregory farm show herd at Wichita, and they won first on get of sire by Carnot, a yearling stallion. Wolfington, won first, Carleux, second, and Iocarnon, third. Iocarnon won first in yearling filly, and Carnona 4th, won second in the two-year old mare. Iocarnon, Carleux and Carnona 4th were sold at the show to a Canadian buyer, and the returning show herd will number only five.

ANNUAL SALE

STOCK EXCHANGE CLOSURES STRONG

(By Associated Press.)
NEW YORK, Feb. 7.—Confusion movements marked the final session of a memorable week on the Stock Exchange but the tone at the end was firm and strong. Prices rose one to five points at the outset, the shorts once more rushing to cover, but reactions due to a moderate reversal in foreign exchange soon cancelled this advantage. Toward the close the list strengthened again on a sudden demand for representative industrial and specialties, issues like General Motors, Equitable Steel and shipping making almost buoyant recoveries.

Consider the relatively small turnover, unusual activity was shown by rails, mostly at gains. Oils were firm, but otherwise made little response to price advances in crude and refined products. Sales of stocks amounted to 475,000 shares.

Bonds were irregular, heaviness in several of the high grade railroad issues, such as Union Pacific and United States Steel gives featuring the lighter dealings. Total sales, (par value) aggregated \$8,475,000.

Drastic liquidation of the week in the stock market was reflected in a \$65,000,000 contraction of actual loans and discounts. There was a further gain of almost \$1,000,000 in reserves bringing the total excess to almost \$27,000,000.

BIG RECEIPTS WEAKENS CORN
[By Associated Press.]
CHICAGO, Feb. 7.—Big receipts looked for next week as a result of emergency orders to hasten the crop movement did a good deal today to weaken the corn market. Prices closed heavy, 1½ to 3½c net lower with May \$1.29 @ \$1.29½ and July \$1.25½ @ \$1.26. Oats finished ½c to 1½c down, and provisions of 2½ to 60 cents.

From the outset, a decided tendency showed itself in the near-by deliveries of corn. This tendency was shared later by the more distant months, especially after estimates were circulated that arrivals of corn here Monday would total 500 to 600 cars, nearly three times the aggregate a week before. Notice that the federal reserve board was actively opposed to speculation on margins counted also as a bearish factor. Toward the last there was not only evidence of absence of demand but unusual eagerness to sell on the part of both longs and shorts. It was said industries had withdrawn from the market.

Oats descended with corn and as a consequence of possible importation of oats from Canada. Free selling of lard by a leading packer turned the provision market from strength to weakness. Gains due to upturns in the value of hogs were more than wiped out.</

THE LAST CALL

45 Queens of the Poland China Breed Offered At the R. S. McKinney Sale, Oak Crest Farm, Wed., Feb. 11, 1:30 P. M.

These gilts are bred to the famous herd boars, Yankee Doodle, Fessey's Giant and Col. Wood. Study the pedigrees of these great herd board. It is the blood that tells, and the big ones with quality are the kind that you want.

No. 1. YANKEE DOODLE, 370483.

For reference only. Farrowed March 11, 1919. Litter 6. Bred by Williams Bros., Villisca, Iowa. Owned by R. S. McKinney.

Yankee Doodle, the greatest son of the illustrious "Yankee," the boar that created a sensation in a short time. Yankee and the Pilot are litter brothers. The Pilot was the 1919 Grand Champion boar of the world. Yankee Doodle is the boar I purchased at the Williams Bros. Auction Oct. 9, 1919. Was selected to head my herd under the judgement of Charles E. Lyden, Manning, Iowa, who pronounced him the best boar in the auction. His litter brother, the Nobleman, selling in same sale for \$1050. He is a half brother to the "Rainbow," the sire of the sensation show litters at Iowa State Fair that won more premiums than any litter ever shown. Yankee Doodle is one of the best herd heading prospects I know of. He is tall, smooth and mellow, with a high arched back; stands on his pins as well as anything you ever saw. Has to be seen to be appreciated.

The sale will also include 11 head of 7th Shropshire bred ewes and two registered bred ewes, and 20 head of stock hogs.

Lunch will be served by the Ladies Aid society of Concord M. E. church.

No. 2. FESSY'S GIANT, 370481.

For reference only. Farrowed Feb. 14, 1919. Litter of 7. For reference only. Bred by H. Fessenmeyer, Clarinda, Iowa. Owned by R. S. McKinney.

Fessey's Giant, the largest boar in the Oct. 8 Auction of Henry Fessenmeyer's herd, is one of the blackest boars I ever owned. He is tall, smooth, and the stretchiest pig you ever saw. He has every indication of following in the foot-steps of his sire F's Big Jones, the Grand Champion Boar of the Iowa State Fair in 1919, in one of the largest shows ever pulled off in Iowa. Come and see him; he will not disappoint you. Sows bred to him will be in demand.

No. 3. "Col. WOODS"

MANY WORKERS NOW PAY INCOME TAX

Plumbers no longer "The Aristocrats of Labor" — Various Classes of Workers Now Raised to the Income Tax Paying List.

New York, Feb. 8.—Plumbers who pay income taxes are no longer the "aristocrats of labor," according to William H. Edwards, United States Internal Revenue Collector for the Second and Third Districts of New York, in whose districts this year more than \$1,500,000,000 will be gathered up for Uncle Sam.

High wages and profitable overtime, says Mr. Edwards, have raised to the income tax paying list such workers as longshoremen, garment makers, paper hangers, railroad brakemen, chauffeurs, sailors, truck drivers and piano movers. "And don't forget the chorus girls, the movie stars and the hotel waiters," declared the collector, adding that some of the latter are making more than \$5,000 a year in tips alone.

Street car conductors and motormen in Brooklyn, for instance, he said, have made as much as \$60 a week and, if their yearly income exceeds \$1,000 for a single man or \$2,000 for the head of a family, they will be required to contribute their share toward the cost of running the government. Mr. Edwards cited a few instances without, of course, mentioning any names, of hoodlacks, milkwagon drivers and bellboys who in 1919 earned in excess of their exemption and who will be required to file returns.

Payment of the income tax began on January 1 and will continue until midnight of March 15 at which time all returns must be in to escape the possibility of a maximum of \$1,000 fine for delinquency. While Collector Edwards was opening his mail the other day out

tell a check for \$2,883,515.39, representing the payment of a corporation tax with penalty and interest. The next letter he opened was from Montclair, N. J., which is also in his district. It had been registered to pay an income tax of \$1.37.

A recent caller at the Collector's office was a woman whose net income was 65 cents. Her tax amounted to four cents. She wanted to know if she would be permitted to make the payments "quarterly." When told she could she smiled and said she guessed she would pay it at once, handed over four shining pennies and took her receipt. Another patriotic citizen—foreign born—filed a careful return showing that he had no income, which was subject to taxation. At the bottom of his return was the following notation: "No tax due but would like to pay some tax and enclose for \$100."

Collector Edwards said that, under the law, he was not permitted to accept the check but that he forwarded it to Commissioner Roper in Washington to dispose of as he saw fit. This year the income tax rate is less than last. Mr. Edwards said, the normal rate being 4 per cent on the first \$4,000 of net income above the exemption and 8 per cent on the remaining net income instead of 6 and 12 per cent as in 1918. "Offhand," said the collector, "one would hardly think that a longshoreman came within the requirements of the income tax law. Certainly he did not a few years ago when many of them found it hard to make a living. In the past year or two, however, many longshoremen have been making from \$3,000 to \$5,000 a year.

"The income tax also hits some members of the theatrical profession pretty hard. Some of these actors, including motion picture stars, perhaps make as high as \$200 and \$300 a week for six months in the year. They live well and by the time their income tax payment is due may be out of an engagement. They are confronted with a good-sized tax without any immediate means. It is up to them to get it.

"Last year my investigators found many diamond merchants have been doing business in this country four or five years without paying taxes. We got after them and increased our returns by more than \$1,000,000. Some of the actresses who were delinquent last

year said they did not pay because they could not figure out just how much they were exempt because of the cost of their gowns, taxicabs and other luxuries. A 50 per cent penalty was imposed because of their failure to pay when the taxes were due.

"Income taxes," said the collector, "should be figured as a liability just as insurance, interest on a mortgage or your winter's coal bill. Then when the time comes for payment it will not be a hardship. Nearly 20,000 persons were fined last year for failure to file returns. A certain stock broker made \$200,000. He filed his return showing a tax of \$40,000. He defaulted in his payment, however, and in a personal interview with me, said he didn't have the money. A 5 per cent penalty was imposed and he hustled around and got the money. His failure to provide for the tax cost him just \$2,000."

The Second and Third New York districts, Mr. Edwards said, raise more than one-quarter of the total amount collected thruout the entire United States.

NAMING THE LAKE.

In naming the lake I believe that we should forget the dozen or more different reasons why the lake should be named after this or that person. We should select a name that is short and pleasing and gain favor as time goes by. Therefore, I know no better name than to call the new lake, Lake Pippin, for I am sure that when it is completed, it will be a pippin. A Booster.

Week Days

1 p. m., to 4:30 p. m. -- City Patients
7 p. m., to 8 p. m. -- Working People

Other hours and Sundays by appointment only. My assistants will see patients at other hours.

Morning Hours

We devote the forenoon to operative cases and out of the city patients.

We are trying to do the greatest good to the greatest number, hence the above hours—Help us to observe them.

Telephones

We have extensions to all departments. Our secretary will gladly give you any information possible over the phone, but only professional or business matters requiring my special attention will be transacted by phone by myself.

Cash Prices

We bow, too, to the high cost of living hence the following prices:

Office Consultations, \$2.00 up

Examinations, \$10.00 up

Phone Consultation, \$1.00 up
